

MAINTENANCE LOG - SUMMARY

This log records plant replacements for the current year.

Routine servicing is recorded separately in the asset system.

Appendix B is a scan of the site logbook.

All plant work is coordinated by the facilities team.

MAINTENANCE LOG - APPENDIX B

This appendix was scanned from the site logbook.

The chiller on level 4 was replaced on 14 March.

The replacement unit is a Carrier 30XA-1002.

Warranty on the replacement chiller runs for 60 months.

The old unit was removed by Hartley Mechanical.
